HW 6
STAT 346, Spring 2010

I'll make each homework assignment worth 10 points, so that when I count your best 10 of 13 assignment scores, your overall homework score will be out of 100 points possible. For this assignment, three of the six problems to be turned in will be selected for grading. (Two of the graded problems will be worth 3 points apiece, and the other one will be worth 4 points.)

1) Do Exercise 4 on p. 163 of the text.
2) Do Exercise 12 on p. 164 of the text.
3) Do Exercise 6 on p. 171 of the text.
4) Do Exercise 9 on p. 185 of the text, except change “exactly five” to exactly three.
5) Do Exercise 6 on p. 199 of the text. Note that nothing is stated about any of the chapters other than 1 and 5, so just focus on those two chapters and ignore the others. Also, interpret “10 misprints each” as meaning exactly 10 misprints each.
6) Do Exercise 15 on p. 212 of the text, except change “100 computer diskettes” to 50 computer diskettes.
7) Do Exercise 7 on p. 212 of the text.
8) Do Exercise 14 on p. 200 of the text.

Turn in solutions for Problems 1 through 6, but not 7 and 8.
