## Mp3 Purchase Plans

## Teacher Notes Page <br> Functions: SOL 8.14, 8.16, 8.17, 8.18

## Objective:

The purpose of this activity is to allow students to use tables, graphs, rules and linear functions in a real world application and determine which mp 3 plan is most beneficial to them as individuals.

## Background Knowledge:

In order to complete this activity, students will need background knowledge of how to write linear equations, complete a function table, graph on the coordinate plane, and analyze data.

## Essential Vocabulary:

Coordinate plane, Ordered Pair, X-Axis, Y-Axis, Quadrant, Graph, Coordinates, Origin, Relation, Function, Linear Equation, Domain, Range, Independent Variable, Dependent Variable, Slope, Y-Intercept.

## Materials:

Copies of the Student Packet
Rulers
Color Pencils (optional)
Calculators

## Helpful Suggestions:

- Hints:
A.) If students are having trouble writing the equations for question 2 , you may want to have them start by completing the table in question 3.

## - Classroom Use:

A.) This problem could be assigned as a project and could be collected at the end of the unit.
B.) This problem could be also be broken down into smaller sections and worked on daily.

Name: $\qquad$
Date: $\qquad$ Period: $\qquad$

Problem Solving Graphic Organizer
Understand the Problem: (Identify question and all important information needed to solve problem)

Plan: (List strategy/strategies to use to solve problem)

Solve: (Implement plan, show all work, don't erase "wrong" answers)

Check: (Is answer correct, does it answer question asked in problem?)

Final Answer: (Give your final answer in a complete sentence).

Name: $\qquad$
Date: $\qquad$ Period: $\qquad$
Problem Solving Reflection Organizer

| What strategies did you use? |
| :--- |
|  |
| Which strategies were successful? |
|  |

How could you apply these strategies in the future?

What did you learn from solving this problem?

Name: $\qquad$ Date: $\qquad$ Period: $\qquad$

## MP3 Plan Memberships

You have decided to buy a plan for your mp3 purchases and have three choices of plans. The three plans are outlined below.

| i-Sound |
| :---: |
| $\$ 1$ for each download |

Rhaps
$\$ 13$ a month unlimited
downloads

## e-musical

$\$ 4$ monthly membership fee and $\$ 0.40$ per download

1. Which plan would you buy? Why?
2. Write an equation to represent the $\operatorname{cost}, c$, for each plan based on the number of downloads, $d$, you purchase.
a. i-Sound: $\qquad$
b. Rhaps: $\qquad$
c. e-musical: $\qquad$
3. Complete the table below to determine how much it would cost for each download with each plan.

| Number of Downloads | i-sound | Rhaps | e-musical |
| :---: | :---: | :---: | :---: |
| 0 |  |  |  |
| 1 |  |  |  |
| 2 |  |  |  |
| 3 |  |  |  |
| 4 |  |  |  |
| 5 |  |  |  |
| 6 |  |  |  |
| 7 |  |  |  |
| 8 |  |  |  |
| 9 |  |  |  |
| 10 |  |  |  |
| 11 |  |  |  |
| 12 |  |  |  |
| 13 |  |  |  |
| 14 |  |  |  |
| 15 |  |  |  |
| 16 |  |  |  |
| 17 |  |  |  |
| 18 |  |  |  |
| 19 |  |  |  |
| 20 |  |  |  |
| 21 |  |  |  |
| 22 |  |  |  |
| 23 |  |  |  |
| 24 |  |  |  |
| 25 |  |  |  |

4. Using the table you constructed, graph the cost of the three plans below.

## Number of Downloads

5. Identify the independent and dependent variables in this problem.
a. Independent Variable: $\qquad$
b. Dependent Variable: $\qquad$
6. What is the domain and why is this the case?
7. What is the range and why is this the case?
8. If you buy less than 5 mp 3 s a month on average, which plan would you choose? Explain your answer.
9. If you buy between 10 and 20 mp 3 s per month on average, which plan would you choose? Explain your answer.
10. If you buy more than 20 mp 3 s per month which plan would you choose? Explain your answer.
11. Which company has the best plan for you? Explain your reasoning.
12. Which representation - the advertisements, the table, or the graph - helped you most in deciding which plan is best? Explain your reasoning.
13. What other real life purchase plans could be analyzed this way?

## Mp3 Purchase Plans

Functions: SOL 8.14, 8.16, 8.17, 8.18

1. Answers may vary.
2. a. $c=d$
b. $c=13$
c. $c=.4 d+4$
3. 

| Number of <br> Downloads | i-sound | Rhaps | e-musical |
| :---: | :---: | :---: | :---: |
| $\mathbf{0}$ | 0 | 13 | 4 |
| $\mathbf{1}$ | 1 | 13 | 4.40 |
| $\mathbf{2}$ | 2 | 13 | 4.80 |
| $\mathbf{3}$ | 3 | 13 | 5.20 |
| $\mathbf{4}$ | 4 | 13 | 5.60 |
| $\mathbf{5}$ | 5 | 13 | 6 |
| $\mathbf{6}$ | 6 | 13 | 6.40 |
| $\mathbf{7}$ | 7 | 13 | 6.80 |
| $\mathbf{8}$ | 8 | 13 | 7.20 |
| $\mathbf{9}$ | 9 | 13 | 7.60 |
| $\mathbf{1 0}$ | 10 | 13 | 8 |
| $\mathbf{1 1}$ | 11 | 13 | 8.40 |
| $\mathbf{1 2}$ | 12 | 13 | 8.80 |
| $\mathbf{1 3}$ | 13 | 13 | 9.20 |
| $\mathbf{1 4}$ | 14 | 13 | 9.60 |
| $\mathbf{1 5}$ | 15 | 13 | 10 |
| $\mathbf{1 6}$ | 16 | 13 | 10.40 |
| $\mathbf{1 7}$ | 17 | 13 | 10.80 |
| $\mathbf{1 8}$ | 18 | 13 | 11.20 |
| $\mathbf{1 9}$ | 19 | 13 | 11.60 |
| $\mathbf{2 0}$ | 20 | 13 | 12 |
| $\mathbf{2 1}$ | 21 | 13 | 12.40 |
| $\mathbf{2 3}$ | 22 | 13 | 13.80 |
| $\mathbf{2 4}$ | 23 | 13 | 13.60 |
| $\mathbf{2 5}$ | 24 | 13 | 14 |
|  | 25 |  |  |
|  |  | 13 |  |

4. 

5. a. Independent Variable $\rightarrow$ Number of Downloads
b. Dependent Variable $\rightarrow$ Cost of Plan
6. The domain is all numbers greater than 0 , because you cannot buy a negative number of downloads.
7. The range is all numbers greater than 0 , because you cannot be charged a negative amount of money.
8. i - sounds would be the better buy if you purchased less than 5 mp 3 s per month because it costs the least.
9. e - musical would be the better buy if you purchased between 10 and 20 mp 3 s per month because it costs the least.
10. If buying more than 23 mp 3 s per month I would use Rhaps, but if I was buying between 20 and 23 mp 3 s per month I would use e - musical because that is when they cost the least.
11. Answers may vary.
12. Answers may vary.
13. Answers may include: health club memberships, cell phone plans.
