

GUIDE TO SELECTED BROWN REFERENCES

Numbers for most significant references are bolded, and for non-archival drafts and reports are in italics. Asterisked papers can be accessed at mason.gmu.edu/~rbrown; others are available from author at rexbrown@aol.com.

Decision analysis methods

Plural evaluation and reconciling incoherent judgments (**15, 31, 43, 33**)

Large scale risk management (**83**)

Unconventional decision tree analysis (**28**)

Setting and verifying regulatory requirements (**80***, 32)

Codifying decision expertise in DA format (53, 47)

Meta methodology

Predicting decision research usefulness (**109***)

Measuring decision quality after-the-fact. (**72**)

Normative validity of approximate models (**75**)

Value of improved rationality (**29, 18**),

Normative decision theory as coherence (**108**).

Recommended decision research projects (68, 51)

Uncertainty and risk assessment

Estimation error decomposed by source (**12, 8**)

Impersonal probability (**71**)

Second order assessment uncertainty (**57**)

Diffuse risks from adversarial sources (**56, 42**).

Judgmental sampling of complex consequences (30)

Non-classical sampling of heterogeneous institutions (69, 64)

Marketing research (13)

Predicting international government decisions (24)

Decision aid management

Communicating analysis to deciders (**46, 44, 68**)

Motivational impediments to decision aid (**85**)

Fitting aid to organization (**110***, 34)

Comparison of verbal and numerical DA (**79**).

Matching decision tools to situations (25)

Pretesting aiding system innovations (25).

Application reports

Nuclear waste management (**83, 50**)

Reactor risk management (**49**)

Should Ford go into the tire business? (21¹),

Designing a Mid-east treaty (14)

¹ Disguised as "Wilson" case chapter

Legislation on validating Executive branch decisions (60)
Export control of computers (10)
Russian environmental management (73)
Community Anti-crime Funding (36)
Cost-benefit of the Clean Air Act (96)
Laboratory safety measures (53)
Submarine battle management (73, 52)
Regulating Arctic environment (102)
Non-proliferation safeguards (37)
Evaluating nuclear weapons detection (47)

Teaching

DA textbooks (84, 21, 111)
Teaching guide to 2005 textbook (112*²)
Decision aiding glossary (107*, 82)
Research on teaching adolescents (63)
Analog devices for numerophobes (65)

Professional activities

Expert testimony (31, 86)
Application reviews (15, 35, 67)
State-of-the-art review (70)
Radio talk shows (100, 74)

Foreign language editions

French (5, 7), Russian (78,), Japanese (12, 21),
