DE COLORES

The next page has
a song on it!
Yes, a song 😊! A
song about
colors and all of
the things that
colors bring to
the world. It's
called “De
Colores”.

1. De colores, de colores se visten los campos en la primavera.
De colores, de colores son los pajaritos que vienen de afuera.
De colores, de colores es el arco iris que vemos lucir.

Estribillo

Y por eso los grandes amores de muchos colores me gustan a mí.
Y por eso los grandes amores de muchos colores me gustan a mí.

2. De colores, sí, de blanco y negro y rojo, y azul y castaño.
Son colores, son colores de gente que ríe, y estrecha la mano.
Son colores, son colores de gente que sabe de la libertad.

Estribillo

3. De colores, de colores son esos paisajes que visten la aurora.
De colores, de colores son las maravillas que el sol atesora.
De colores, de colores es el arco iris que vemos lucir.

1. All the colors, yes the colors we see in the
springtime with all the of its flowers.

All the colors, when the sunlight shines out through
a rift in the cloud and it showers.

All the colors, as a rainbow appears when a storm
cloud is touched by the sun.

Chorus

All the colors abound for the whole world around
and for ev'ryone under the sun.

All the colors abound for the whole world around
and for ev'ryone under the sun.

2. All the colors, yes the colors of people
parading on by with their banners.

All the colors, yes the colors of pennants and
streamers and plumes and bandannas.

All the colors, yes the colors of people now taking their place in the sun.

Chorus

3. All the colors, yes the black and the white and the red
and the brown and the yellow.

All the colors, all the colors of people who
smile and shake hands and say "Hello!"

All the colors, yes the colors of people who
know that their freedom is won.
