Member Verification

Dear Jane,

Could you help me out by looking at the notes I attached. They were some of the things I got from the interview we did a while back. I need to make sure that what I have written is accurate. If there are any problems or corrections, please e-mail them back. My final project is due on Thursday. Thanks again for your help!

See you tomorrow!

Wow!!! I have really transformed as a learner of technology!!! Your capture of my statements is very accurate and I want to thank you for making me stick to it and not giving up on my ability to transform for the sake of the kids. I hope that I give a little of that back to the teachers I now work with. Great paper and good luck. See you at 1:40 today.
