Ever had a great idea for something but didn’t know what to do with it?

Perhaps you want to take an idea to the next level by:

- Designing it
- Building it
- Testing it
- Marketing it
- Patenting it

How about working with students outside your field of study toward a common goal?

Of course, maybe you’d just like to get some senior design experience in before you’re a senior?

Then we’re the club you’ve been waiting for:

The Student Center for Innovation (SCI)
