

Register to Vote:

(Vineet, please replace the text on the voter registration page with the text below:

Anyone who placed a vote on Monday, March 3rd before the new voter registration system will need to vote again using the new voter registration process. We regret having to start over, but we feel it was necessary to keep things fair for all the finalists. So, please spread the word and get those popular votes rolling once again!

To register, please fill out the voter registration information. Each voter must provide an email address to be able to cast a vote. After you create a password and submit your registration online, you will be notified by email that your voter account has been activated. Follow the instructions in the email to cast your vote.

Under this registration system, you will be allowed only one vote per category per email address. Also, the contest guidelines for the popular vote ask that each person vote only once per category. We appreciate your cooperation in following this guideline.

(Vineet, on the voting page, please replace what we have with the following)

From March 4, 2008 to March 7, 2008: You will have only ONE vote per CATEGORY, per PERSON (monitored by the voter email /login name) so make sure you vote for your absolute favorite in:

- Elementary School, Grades PK-5
- Middle School, Grades 6-8
- High School, Grades 9-12
- Post-Secondary – Undergraduate

Popular Vote Instructions

1. To view the videos, click on the thumbnails.
2. Use the drop down menu to select your favorite video.
3. Cast your vote by clicking on SUBMIT.
4. Repeat these steps for each category.

Please tell your friends and family that if they voted on Monday, March 3rd before the new voter registration system, they will need to vote again using the new voter registration process.

The popular vote will end at midnight on Friday, March 7. Contest winners will be announced on March 12, 2008 at discoverlanguages.org
